Summary

CHBC News December 5, 2012 - Water conservation: What the Okanagan can learn from Vegas Water Conservation in the Okanagan: What Can We Learn From Las Vegas? On December 5, 2012, the Okanagan Basin Water Board and its Okanagan WaterWise program teamed up with the Irrigation Industry Association of BC to present a special day-long workshop in Kelowna, looking at what water conservation lessons the Okanagan can learn from Las Vegas. The event featured Doug Bennett from

the Southern Nevada Water Authority and many other water experts. The event was geared to those working in irrigation, landscaping and other water-related businesses, those who make and implement water conservation policy (eg local government electeds and staff), as well as interested members of the public. For more information, including presentations from the workshop, visit: www.obwb.ca From: OKBasinWaterBoard Views: 5 0 ratings Time: 02:07 More in Science & Technology
