Additional Information for Proponents

Question: I cannot find a detailed section in the RFP describing what the OBWB requires in terms of 'Merged – Building Footprints (vector)' found on the PLAN 1 pricing matrix. Please provide some details on what you need at your earliest convenience.

Question: "Merged – building footprints (vector)" deliverables: Are there existing building footprints we to update, or would this be all new collection?

Answer: The requirement for "Merged – Building Footprints (Vector)" in Appendix B – Pricing Form is removed as a requirement for all Lots.
