

Water Conservation and Quality Improvement Grant Application Form

Please refer to the Terms of Reference - Section 5, for a Guide to the Application

I. Application Summary

Regional District		
Name of Organization		
Name of sponsoring local government (if different than applicant)		
Name of Project Contact		Phone
E-mail		Fax
Project Title		
Amount requested from OBWB	\$	
Total Project Budget	\$	

II. Program Category

These categories are **NOT** listed in order of priority. Please indicate which category a proposed project activity is in, as there may be more than one category for your particular project. This is not a comprehensive list of potential project categories and the OBWB encourages submission of innovative project ideas.

A.) Hydrological data gathering	B.) Water Conservation Devices	C.) Landscape & Irrigation (including xeriscape)
D.) Education and Outreach	E.) Water Use Monitoring/Metering	F.) Habitat Inventory Mapping and/or Restoration Projects
G.) Source Protection Planning	H.) Planning & Policy Development	I.) Other projects

Project Activity	Program Category

III. Project Timeline Information

Proposed length of project

From: (yy/mm/dd)

To: (yy/mm/dd)

Provide a summary of proposed activities including timeline

IV. Funding Information

Please name **all** other sources of funding for this project. List each agency by title and: 1.) indicate if it is a direct or in-kind contribution and 2.) whether it is confirmed or anticipated at the time of application. (**Example: Free Money Agency— direct \$5,000, confirmed**)

Specific Project Expenditure (please itemize)	Portion funded by OBWB	Portion funded by other sources	Direct or In-Kind?
	\$	\$	

Please attach an additional page if necessary

V. Measurable Outcomes

Provide information on the measurable outcomes of the project (water saved, quality improved, goals met, etc...)

VI. Collaboration

Provide information on collaboration with other **agencies/organizations** for this project, if applicable

Provide information on collaboration with other **jurisdictions** for this project, if applicable. This refers to collaboration with regional districts and municipalities outside of your own.

Please submit this application with a covering letter that will briefly outline the steps (methodology) to be taken to achieve the project goals and explain project objectives if needed. Please include information about how your project will meet basin-wide objectives, such as large scale water quality improvements, and/or how your project will be a model for other efforts in the basin.

Please approach your local government well in advance of the application deadline (Feb 19, 2010) in order to receive endorsement by a council or board resolution.

The Okanagan Basin Water Board thanks you for your application to the Water Conservation and Quality Improvement Grant Program and advises you to refer to the Terms of Reference for this application. **Section 5** contains a guide with more information on each application section.
