HYDROLOGIC
ZONE 15/e

HYDROLOGIC
ZONE 14/f

INDEPENDENTLY OPERATED HYDROMETRIC STATIONS

ID	Station Name
1	Bighorn Reservoir at the Spillway
2	Canyon Creek Diversion to McCulloch Reservoir
3	Curtis Creek above Aberdeen
4	Ellis Creek at Alverson St.
5	Ellis Creek near the Mouth
6	Ellis Creek at Duck Lake
7	Esperon Reservoir at the Outlet
8	Fishhawk Reservoir at the Outlet
9	Grayslake Lake at the Outlet
10	Heart Creek above Aberdeen
11	Hydraulic Creek Above Stirling Ditch
12	Ideal Reservoir at the Outlet
13	James Reservoir at the Outlet
14	Lambly Creek Diversion to Rose Valley Lake
15	Reliance Long Reservoir at the Outlet
16	Widgeon Reservoir at the Outlet
17	Mill Creek downstream of GEID Intake
18	Mill Creek/Potlatch Reservoir Spillway
19	Mission Creek Below BMD Intake
20	Mission Creek Downstream of Beljae Creek
21	Mission Creek Upstream of E. Kelowna Rd.
22	Mission Creek Upstream of Gordon Dr.
23	Myra Ditch below KLO Creek
24	North Lambly Creek Below Tadpole Reservoir
25	Pearson Creek at FSR
26	Pearson Creek at WSC
27	Penticon Creek at Van Horne
28	Pottery Creek Above Pottery Ditch
29	Postill Reservoir at the Outlet
30	Powers Creek at Bear Main
31	Powers Creek at Gellatly Rd.
32	Powers Creek Upstream of Jackpine Creek
33	Stirling Creek Diversion to McCulloch Reservoir
34	Trepanier Creek at Hwy 97
35	Trepanier Creek Downstream of Hwy 97C
36	Trepanier Creek Upstream of Hwy 97
37	Trout Creek at the Canyon Mouth
38	Upper Dufreux above Grizzly
39	Vernon Creek at Outflow of Sushwell/Beaver Lake
40	Vernon Creek Downstream from DLC Intake
41	Vernon Creek Downstream from Old Hiram Walker Spillway

HYDROLOGIC
ZONE 23/c

Okanagan Basin Schematic

Legend

Hydrometric Stations

- Natural Streamflow
- Regulated Streamflow
- Water Survey of Canada Hydrometric Stations (with station number)
- Independently Operated Hydrometric Stations (with associated table number)
- Stations of Particular Relevance to Hydrology/Modelling Study
- Hydrometric Stations Outside the Okanagan Basin
- Node (with node number)
- Canada/US Border
- Stream
- Lake
- Okanagan Basin
- Drainage Areas of Hydrometric Stations of Particular Relevance to the Hydrology/Modelling Study
- BC Hydrologic Zones
- Residual Area
- Sub-Basin

Data Source(s):
Lakes, rivers, watershed boundaries - TRM 1:20,000 & 1:50,000
Canada GSA Vector, Hydrometric stations - USGS 1:250,000
USA Hydrography - Washington State Department of Natural Resources 1:24,000
