

Rod MacLean, M.Sc., P. Eng. | October 2018

A wide-angle landscape photograph of a large, calm lake nestled between several mountain ranges. The mountains are covered in dense green forests. In the foreground, the dark silhouettes of evergreen trees frame the scene. The sky is a clear, pale blue with a few wispy clouds.

shared value : our lake

A wide-angle photograph of a sunset over a large body of water, likely a lake or sea. The sun is positioned low on the horizon behind a dark, silhouetted mountain range. The sky is a gradient of warm orange and yellow near the horizon, transitioning to a cooler blue and purple at the top. The water in the foreground is dark blue with small, white-capped waves reflecting the light from the setting sun.

Storm Water

Liquid Waste

Agriculture

floods

An aerial photograph of a steep, rocky hillside. The slope is covered in brown and tan rock fragments, with some green vegetation at the base. A dark, irregular line runs across the middle of the slope, indicating a path of movement or a landslide scar. In the background, there's a road with several orange traffic cones and a small building.

landslides

drought

fire

An aerial photograph of a town nestled at the base of large, rugged mountains. In the foreground, there are several green fields, some with small buildings or structures. A dirt road or path cuts through the fields. In the background, a large body of water is visible, and the town extends towards the horizon.
